Notes:

(a) A small number of part-time enrollments are included in the total number of Graduate and Professional students on which the percentage of enrollments is based. The Law School dormitories were closed for renovations during the 1999-2000 academic year. Consequently, there is a drop in the number of students reported housed in the "Graduate and Professional" category for that year. In 2007-08, the Law School dormitories were closed permanently, and turned into office space.

In 2011-12, there was a considerable increase in housing for the Graduate School of Arts and Sciences, specifically in the Whitehall, Mansfield, and Esplanade facilities.

In 2015-15, Whitehall and Esplanade are closed for renovations.

Sources: George Longyear for Graduate and Professional; Dan Smith in the Yale College Dean's Office for undergraduates.
