Public Health	73	70	66	66	80	78	77	73	75	85	82	67	82	88	85	85	74

Notes:

- (a) Data include students who received gifts, grants and loan funds from all sources. Data for prior years may, in certain cases, exclude non-Yale grant funds. Yale College and the Graduate and Professional schools have separate guidelines for establishing financial aid eligibility. In some cases, these eligibility guidelines have been revised over time, thus making more or less students eligible to receive aid. As a result, large fluctuations may occur in the figures reported here.
- (b) The Graduate School of Arts and Sciences includes both Ph.D. and master's degree students. Effective 1998-99, the Graduate school adopted a policy of providing full support for the first four years of study to all Ph.D. candidates.
- (c) Institute of Sacred Music (I.S.M.'s) enrollment is relatively small. Because of the small number, the percentage of students on aid could easily fluctuate or reach 100%.
- (d) Beginning in 2006-07 and for years thereafter, full tuition awards and fellowships are made to all students who are admitted to the School of Music, with the exception of those who receive awards from other agencies.
