Notes:

Counts are based on the location of the primary appointment. Faculty who have fully joint appointments are counted only in one school. Administrators, such as the president, provosts, deans, directors of museums, and heads of residential colleges are included in this table if they have a primary faculty appointment. Howard Hughes investigators are included. Interdisciplinary Centers include the Institution for Social and Policy Studies, the Jackson Institute, the MacMillan Center, and other Yale College Faculty not counted in the divisions. Appointments in the Institute of Sacred Music are placed into Music or Divinity according to topic of study, or into Divinity in the case of a tie.

Notes on Race:

Starting Fall 2011, faculty were offered the opportunity to self-report their race/ethnicity using the new "two question" format, categories and wordings specified by NCES. Fall 2012 is the first year race/ethnicity is reported based entirely on self-reporting. Two new categories were added: "Native Hawaiian or Pacific Islander" (previously counted in "Asian") and "Two or More Races". Note, unlike NCES, this table does not include an "international" category. Faculty who are not citizens of the U.S. are reported in one of the race/ethnicity categories.
